

4/W CITYMAX AUDIO KIT WH./TEL 230V

Reference: 06204

The classic range of CITYMAX audio kits can be used in **up to 4 apartments**.

- Indoors, the **Citymax telephone** (surface installation).
- Outdoors, the **City Classic door entry panel**

DESCRIPTION

Outdoors, the **City Classic door entry panel**, high quality and resistance. City Classic is the FERMAX original and avant-garde outdoor panel with a convex curved profile. Gifted with a genuine urban character, it is the ideal range for audio installations for any type of building. Manufactured in a highly weather resistant anodised aluminum.

Citymax telephone represents the classic and versatile model from Fermax. Manufactured in white ABS plastic with a texturized finish for easy cleaning as well as ultraviolet protection. Includes different attachment points to install on the wall.
